

## Message from the Presidents

April/May, 2020 Issue

Fellow Parents:

What can I say. I trust everyone is OK and surviving this strange world we live in today. As the impacts of the Covid-19 virus reverberate through the country, it has impacted every facet of our lives, to include the USNA and APCSC.

Due to the virus we were forced to cancel our annual recognition of the Firstie Parents in March, and it threatens to impact our Welcome Aboard Luncheon for the Class of 2024.

It was sad to learn the Superintendent had to cancel the traditional Commissioning Week events due to the virus. While the biggest impact was on the Class of 2020 Graduates of course; the cancellation impacts also affected the other classes, most notably Ring Dance for the Class of 2021, and not to be forgotten, Sea Trials and Herndon for the Plebes of 2023.

But on the bright side... we all got to spend a few extra months with our favorite Mids (assuming all your Mids made it back home from Spring break to home and aren't trapped somewhere else). You like us however, may be ready to ship them back. :)

By the time you read this the new Board will have been installed and planning for the next year's events. Thanks again to all the Club members that have stepped forward to play a role in making this group a success. The Club is only as good as the people that help run it. I hope you enjoyed our Carmada to celebrate our Firstie Parents and the tremendous job they have done in getting their child ready for the final step in the transition to a Commissioned Officer in the service of the United States of America. It is really no small feat, and we are all proud of the job they have done! BZ to the Parents of the Class of 2020!

So until next month, Go Navy!
